AEC Coding Club

ABOUT AEC CODING CLUB

AEC Coding Club is an intrinsic part of Assam Engineering College (AEC), the first engineering college in the north-eastern India located in the Jalukbari area of Guwahati city.

AEC Coding Club is a locus for all techie who are inquisitive and assiduous about tackling real life problem with the aid of programming. Since its inception in 2016, it has been tenacious in fulfilling the needs of the students by conducting numerous events such as Hactoberfest(AEC Edition), Ideathon, Study Jam, Webinars on Github, python and many more providing a place to enhance cognitive and analytical skills. The club focusses on Coding, Algorithmic Programming, Competitive programming, Web Designing, App Development, and various other aspects of Programming.

ABOUT PYROKINESIS

The annual techno-cultural fest of Assam Engineering College, celebrates innovation, creativity, and talent through technical competitions, cultural performances, and interactive workshops. It unites students to showcase skills and fosters collaboration, blending technology and art in a vibrant, electrifying atmosphere

CodeWar 7.0

Held annually during Pyrokinesis, CodeWar is the AEC Coding Club's premier coding competition. Now in its 6th edition, it brings thrilling challenges, a hackathon, and endless opportunities to innovate and shine. Don't miss it!

This year's event lineup include -

CODESTELLATION

24 hour software development competition

DECODE_STACK

Competitive programming competition

Winners stand a chance to grab cash prizes, internships and placement opportunities

ABOUT Codestallation

Codestallation is a 24-hour software development hackathon organized by the AEC Coding Club during Pyrokinesis, Assam Engineering College's annual fest. It challenges developers to create innovative solutions to real-world problems, fostering teamwork and creativity. With mentorship, exciting challenges, and attractive prizes, Codestallation is a premier event celebrating coding and innovation.

ABOUT Decode_Stack

Decode_Stack is an intense brainstorming competitive coding contest organized annually by the AEC Coding Club during Pyrokinesis, AEC's flagship fest. Designed to test problem-solving and algorithmic skills, this event brings together coding enthusiasts to tackle challenging questions under time constraints. With its competitive spirit and thought-provoking problems, Decode_Stack is a highlight of Pyrokinesis, celebrating the passion and talent of coders.

Incentives of Sponsoring US

Direct awareness and exposure to a targeted group of students. Branding of the partner group is to include:

- Company logo to be prominently displayed at the venue during CODEWAR and HACKATHON in all types of promotion materials, internet sources and in our social networking sites.
- Links to your website shall be provided from all our internet resources.
- Company logo to be prominently displayed in the Sponsorship Companies list in the main Pyrokinesis and Udbhavanam banner.
- In case you want to solve a problem in your organization, We will list the problem in our list of software problem statements for the hackathon under our banner.
